

Jock It To 'EM 'Scorn sports

By Rick Coffman

Once a month, regardless of how much each church in town gleans from its parishioners, the Common Ministry backed underground paper 'Scorn comes out. And just as surely the campus garbage collectors' work is made just that much more difficult.

If you should be a sports buff then you are out of luck as far as reading 'Scorn is concerned. The paper has no sports section. But that fits in with the rest of the paper - it doesn't have anything in it either.

Imagine, if you will, what a sports section in 'Scorn would say. It wouldn't bother with anything as mundane as the score. Underground newspapers, you see, are concerned with the relationships between things.

'Scorn would have a field day with a basketball game. The screamings of the crowd would be interpreted as a release of sexual tensions. The players responding to the demands of the coach would be looked at as a successful verification of the Pavlovian tendency of various animals. The body contact under the boards would leave the players involved in the unenviable position of being thought of as having homosexual tendencies.

The various spirit groups on campus have a pet yell or two that they like to do during the game. How about a typical 'Scorn yell?

One, two, three, four.
Who are we for?

Five, six, seven, eight.
Who do we appreciate?

Common Ministry,
Common Ministry, yea.

The rationale behind this yell, of course, is that 'Scorn knows what side its bread is buttered on.

Work is a big part in any victory. And a part of the work is sweat. This would be a touchy subject for 'Scorn. But I'll make an attempt. Out of the wild and violent days of ancient Greece comes the exciting concept of sweat. Each morning, each evening massage it into your torso.

Sweat, if you've been training, has very little alcohol to irritate, so it massages with comfort into sensitive areas. Sweat adds a delightful new dimension to your body, a low level aroma that hovers close to the skin for hours. It transmits its virile message only in moments of close and intimate contact.

Violence definitely isn't a part of the 'Scorn ideal. Therefore football, rugby or anything involving contact would be abhorred. About the most exciting thing 'Scorn would advocate would be belly-button cleaning.

The game instructions for this sport are simple. The idea is to brush with light quick strokes for quick lint removal. Then brush heavily for slogging dirt. The competition would be held twice a week. This sport would also have a practical application. Whenever the middle part of your body is exposed, people notice your navel, like some people notice fingernails. So,

in effect, you kill two birds with one stone.

It appears that the only scoop 'Scorn gets in the way of sports is conspicuous by its absence. But they do get some sort of scoop in a broad sense of the word. I'm sure all you barn shovelers will understand.

So it appears that if 'Scorn ever amounts to anything it will come about at the same time that the canary eats the cat, the mailman bites the dog, the minnow chases the shark out of its waters, the missionaries swallow the cannibals and the administration gets enough guts to appropriately handle some of the recent trouble on this campus. In other words, there ain't no way.

Rumor has it that 'Scorn is compiling all of its past best writings and putting them out for the campus to improve itself with. It should, according to most observers, cover almost all of a 3 by 5 note card.

They're finding ways to make your better future happen -with the energy of progress

Electricity is the energy of progress. And the people of your investor-owned electric light and power company are always on the job to make it great for you today and even better tomorrow.

The aim is to move ahead with you and your needs in this new electric age—to keep the energy of progress plentiful, dependable and low in price—to make the better electric future happen fast, for you, for everyone.

did you stand up your date to go to bed with a cold?

It's more fun to keep going. Dristan® Tablets help you do just that.

Dristan helps relieve fever, headache and body aches and pains. Time capsules do not! Dristan works on sniffles, sneezes, runny nose and stuffy head. Aspirin tablets do not! Dristan Tablets help relieve more cold symptoms than aspirin...or...any time capsule you can buy!
