

Community CALENDAR

• Alpha Phi Omega, the national co-ed service fraternity, invites everyone interested in **community service** to our meetings Sunday nights at 6:30 p.m. in CUB B7-B9. Call 334-0619 for info.

• Meeting for graduate students interested in becoming certified **HIV/AIDS Counselors** Thursday, September 26, 12-1 p.m. CUB 222. Contact Gretal Liebnitz at 335-WELL for information.

• **College Republicans** are meeting Thursday at 7 p.m. in CUB 214-216. Anyone interested is welcome. Questions? Please call Craig at 334-6476.

• The **Pre-Law Club** is meeting Thursday in CUB 224 at 7:30 p.m. Come for information on the practice LSAT and free preparation software.

• The **WSU Horse Polo Club** is actively recruiting for fall. We are particularly interested in people with previous riding experience. Please come to an informational meeting Thursday at 7 p.m. in CUB 111.

• **Gay, Bisexual and Allied Men's Group** meeting, Thursday at 7 p.m. Call 332-0750 for location. All men welcome to attend for discussion and fellowship.

• **Organization of Future Veterinarians** is holding a meeting Tuesday, Oct. 1, at 6:00 p.m. in Bustad 145. Come and hear the guest speaker Dr. Donna Lewis, DVM.

• Join other **survivors of sexual assault** on Mondays from 4-5:30 p.m. in the Lighty Building, Counseling Services Room 280x. Call Karen T. at 335-4511.

• **Psychology Club** is holding its first meeting of the year on Thursday, Sept. 26, 7:30 p.m. in CUB 232. There are still vacant elected positions to be filled. Come and see what we're about.

• **Anthropology Club** meets every other Tuesday beginning tomorrow at 6:30 p.m. in College Hall lounge. This meeting will cover archeological techniques used by the forest service as well as a possible camping trip. Anthro major not required — come and check it out.

• Counseling Services will be offering a **Gay/Lesbian/Bisexual Transgendered Coming Out group** starting on Monday, Sept. 30, 6-7:30 in the GLBA lounge. Call Shelly or Roxanne at 335-4511 for more information.

Whitman history star of exhibit

FROM STAFF REPORTS

Local residents have the opportunity to see how the Palouse advanced the late 19th and early 20th centuries through "Whitman County at Work," at the Holland Library atrium.

A free photo exhibit was created by the Community Action Center of Pullman and will be in the library until Sunday.

Including historic photographs from 1890-1925, the photos show the people of early Whitman County who helped turn the Palouse into what it is today.

Some photos capture the beginnings of small businesses, some show the building of the electric railroad from Spokane to the Palouse region, and some show WSU when it was still called Washington State College.

"The exhibit is new, and the historical photos were collected from different organizations throughout Whitman County," said Karin Neuenschwander of the non-profit Community Action Center. "When we are finished displaying them in the library on Sunday, we'll be showing them at various other places throughout the county."

The center's motto is "moving people and communities to a positive future." Members of the center assist in community projects such as emergency food assistance, short-term shelters, counseling, community development support and employment training.

Homecoming committee encourages participation from all student groups

BY APRIL NEFF
Contributing writer

With some new and improved activities in the schedule and the chill of fall in the air, the time has arrived for students to prepare for the festivities of Homecoming.

With a new emphasis on student involvement, this year's committee is encouraging groups on and off campus to make use of the opportunity to gain recognition and hope students will make Homecoming a social event.

"In the last two years, there has been a creative movement toward maintaining traditional events and adding non-competitive events," said Dan Maher, Homecoming committee adviser. "These will help establish a unified campus feeling."

For those captains who are ready to test their teams' Homecoming spirit, an informational meeting will be held Thursday in CUB B11-15.

Each participating team must have a representative present, and informational packets and entry forms will be handed out at that time.

Two new events that have been added to the traditional Homecoming roster include a Spirit March and Multicultural Reception.

The march will begin at the Lewis Alumni Center and end in front of a bonfire at flag lane. Students will be passing the RV parking area during the march encouraging alumni to join.

"The bonfire is a time when students come together as Cougars, not

Committee meetings

• *First meeting begins at 7:30 p.m. Thursday in CUB 111-115*

• *Weekly meetings continue every Thursday*

as teams," Homecoming co-chair Matt Martinkus said.

The Multicultural Reception will be held Oct. 19, the day of the Homecoming game. Alumni of color and other students are welcome to attend.

Some of the events returning this year include the serpentine, a lip sync contest, the Homecoming fair on Glenn Terrell Mall, games in Martin Stadium and the chariot race during half-time of the Homecoming game.

"It's good that events are available that can help focus independents, residence halls and Greeks,"

Maher said. "They can all get together and participate in something that's non-competitive."

Homecoming is one of the most popular events at WSU, with alumni and fans arriving from various areas to enjoy the festivities.

The Homecoming football game alone has a turnout of at least 3,000 to 4,000 people, Maher said.

"The thing that makes Homecoming so great is that every WSU student can participate whether they're on a team or not," said Homecoming co-chair Sherry Street.

Meetings will be held each Thursday until Homecoming week, and those with questions can contact Street at 334-2064.

STUDENTS BOOK CORPORATION

Help us give birth to the future of ultrasound.

At ATL, you'll develop the future of medical diagnostic imaging while developing a strong future for yourself. We're a world leader in imaging technology, thanks to groundbreaking products like our HDI 3000 and HDI 3000cv. And thanks to the motivated, forward thinking people who bring it all to life. Become part of our team. Don't miss us on campus:

CAREER FAIR 96
September 26, 1996
10:00 am - 4:00 pm
Engineering/Architecture Building

Entry-level opportunities now exist in the following areas for new grads:

SOFTWARE DEVELOPMENT

- System Architecture
- Digital Signal Processing
- User Interface/Clinical Applications
- Design Analysis and Validation
- Tools and Integration
- Systems Software
- Networking

Entry-level positions require a BSCS/EE or MSCS/EE (or related study) and software development knowledge in C/C++ in UNIX and real time embedded system environments. Knowledge of Make, Shell scripts, x-windows tool kits and UNIX utilities is a definite plus. Excellent verbal and written communication skills required. Committed to practicing sound design methodology. Must be proactive team player and have the ability to quickly learn and apply new skills.

ATL is located just 30 minutes northeast from downtown Seattle. Considered by many to be one of the most desirable places to live in America, the Puget Sound region boasts some of the most spectacular scenery in the world.

ATL offers a team oriented environment with competitive, comprehensive benefits including 401(k) and tuition reimbursement. Qualified candidates may send or e-mail their resume to: **Advanced Technology Laboratories, P.O. Box 3003, 22100 Bothell-Everett Highway, MS-226, Bothell, WA 98041-3003. E-mail: atljobs@corp.atl.com Attn: WSU.** ATL maintains a smoke-free and drug-free workplace. Equal Opportunity Employer.
