Oversized bear to arrive

CITY—A big black bear will be arriving in Pullman on Greyhound this morning at 10:45.

The oversized stuffed bear, valued at approximately \$200, is a full-paying passenger on the bus.

It takes two people to carry the bear, which will replace one which previously sat in the window of the Apple Seed, E. 340 Main St, but was sold last week.

Before taking its place in the Apple Seed display window, the bear will make a tour of Pullman and the campus.

The bear is part of a promotional "Name the Bear" contest sponsored by the Apple Seed.

Contest entries are available at the Apple Seed. The deadline for entries is May 13.

Winners of the contest will be announced May 16. The first place prize is a medium-sized stuffed bear. Two runners-up will receive stuffed baby bears.

Other plans for the bear include the Mayfair Parade, in which it is already registered.

"Butch," the Cougar mascot and pupils from Edison Elementary School will greet the bear upon its arrival.

Awareness plans set

The university will host two symposiums on world hunger April 24 and May 12, said A. Larry Branen, chairman of Food Science and Technology.

Branen is urging the public throughout the state and the Northwest and all people concerned about world hunger to attend.

The symposiums are designed to generate public awareness of world hunger and the role the U.S. and the university can play in solving it, said Branen.

A speech by a member of the Presidential Commission on World Hunger, Eugene Stockwell of New York, N.Y., will be given in the CUB April 24. The May 12 symposium speaker will be Howard Schneider from Chapel Hill, N.C., another presidential commission member.

Symposiums given

Awareness Week continues today with Domestic Human Rights being the topic of various lectures in the CUB.

Beginning at noon in CUB 216 is a discussion on Ethnic Women Perspectives on Historical and Current Human Rights Issues.

This is followed by a Gay People's Alliance film called "Sweet Land of Liberty."

At 2:30, a discussion is planned on the Equal Rights Amendment and the Human Life Amendment. Important issues affecting minorities and women in the '80s will follow this talk.

"World Hunger: How do we respond?" will be the topic of the Awareness Week World Hunger Symposium Thursday beginning at 10 a.m. in the CUB Aud.

The symposium will feature lectures and films showing world hunger.

ASWSU student leaders say . . .

"An effective ASWSU President possess leadership skills, diligence, and a proven record of accomplishments.

Rob Hoon far surpasses all other candidates in these areas. A vote for Hoon/Peterson is an investment in your future as a WSU student."

**John Winkler
ASWSU President**

"Rob and Dan have a very realistic view of Campus Government. They are the only candidates who have developed a platform which will benefit the students on a comprehensive basis. More importantly, they share the desire and determination to see it through."

**Josh Preece
ASWSU Vice President**
